

Standard for PEXcellence

Watts WPRV for PEX piping systems

Watts continues to expand our PEX focused product offering with the latest ASTM F1960 tailpieces on our most popular Water Pressure Reducing Valves. These valves are tailored for simplified installation in PEX piping systems, featuring Lead Free* brass PEX end tailpieces for easy install into your PEX system.

Features Include:

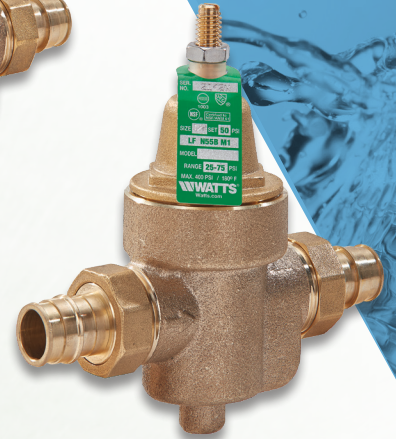

- PEX end designed to ASTM F1807 or ASTM F1960
- Integral stainless-steel strainer removable for cleaning
- Crimp and Cold expansion connection rated to 160psi at 73°F (23°C)
- Valves rated up to 400psi

*The wetted surface of this product contacted by consumable water contains less than 0.25% of lead by weight.
